Re: Tanya Shevchenko

To whom it may concern,

I am the technical advisor and team coach for the Canadian Paralympic dressage team. I have been working with Tanya and her coaches for the last 3 years, both remotely and with face to face clinics.

Tanya has trained diligently in order to fulfil her dream of representing Canada at International level. Recently she has acquired a new horse and her scores in video competitions have demonstrated her ability by achieving high scores and good competition results.

I completely endorse Tanya's fund raising efforts. She has the ability and back up to achieve her dream and I wish her all the luck and support I can give.

Yours

Clive E Milkins FRDA, ECHP1, ANCEBM, BHS Int Coach,

Canadian high Performance Technical Asdvisor Paralympic Dressage Team.
